Where will Guitau spend the Fourth of July?

The first peaches have made their appearance.

Track laying on the N. & O. goes steadily on.

Sunday was the anniversary of the battle of Waterloo.

M. C. Lake left yesterday morning for a business trip East.

One of the features of the Fourth will be the drum corps.

A spirited thunder storm occurred Sunday evening. It cooled the atmosphere.

The scholastic year of Bishop White's school for girls in Reno will close tomorrow.

Court will be in session to-day, Judge King presiding. It will be what lawyers call a "field day."

Hon. S. S. Sears, editor of the Elko Independent, returned to his home Sunday morning. Call again.

J. K. Everett is going below to buy more goods. He always keeps a good line of the best to be had.

The spring beds for the Asylum arrived yesterday morning, and are being put in place as fast as possible.

There is a letter held in the Post-office for "Guy Thorp, State Line mine, Nevada," because of insufficiency of address.

Carson City and Virginia will be nearly depopulated on the Fourth—so generally will they visit Reno. Our Committees are hard at work.

A Council of Chosen Friends was instituted at Boca Saturday evening. A large number of the members of Meadow Lake Council went down to assist.

R. H. Lindsay requests all those who are interested in the Fourth of July singing exercises to meet him at the Baptist Church this evening at 7:30 o'clock.

The comet may be looked for 20 degrees below the North Star, says an exchange. We presume so. It may be looked for in most any direction, but you won't see it.

Pat Reddy, of Mono, passed through Saturday night on his way to attend the California Democratic State Convention. He would not refuse the nomination for Attorney General.

Mr. and Mrs. Allen A. Curtis of Assin, are visiting that clear, crystal and trout-bearing sheet of water, Lake Tahoe—one of the most noted resorts of Pacific coast tourists.

Colorado and California turned out a great deal of gold and silver last year. The former State produced \$20,000,000 and the latter \$19,000,000. Where does all the money go? There is not a great deal in these parts.

The Assessor and his deputies have nearly assessed Reno, have finished with Wadsworth; Owens is busy in Washoe Valley and Stoddard will visit Verdi, Pyramid, Peavine, Steamboat Valley and the Meadows shortly.

A New York dispatch says that John W. Mackay is at the Hoffman House. He leaves for Virginia City on Monday or Tuesday. He denies the report that he has disposed of his interest in the Comstock lode and retired from the mining field.

We observe that petitions are being circulated in other towns asking the Board of Pardoners to pardon Alf Chartz out of State Prison, but no such paper has been started yet. It should be attended to at once. If ever a man deserved clemency that man is Chartz.

The Carson Guards showed their good will toward the Reno Guards by presenting them with a fine drum. Captain Parker made the presentation speech, which was a unique production. The soldier boys appreciate the gift and the kind feeling which prompted it.

The Chinese question never can be made a political partisan issue in favor of the Democratic party on the Pacific coast, while the richest and most influential leaders of the party, General Thomas H. Williams or Dr. Glenn of Colusa, for instance, constantly employ Chinamen by thousands in their farming operations. They evidently believe in and certainly do encourage and extensively patronize Chinese cheap labor.

Fourth of July.

The Fourth of July Committee are hard at work. They are determined to make the celebration a brilliant one. The Car of State is being arranged and the thirty-eight girls are being selected. Invitations have been sent to the State and military officers to attend, and it is likely all will accept. Special rates have been secured over the V. & T. From Virginia tickets for the round trip will be sold for \$1 50; from Carson only \$1. These will be good until the morning of the 5th, thus allowing the visitors to attend the ball given by the military company in the evening. The exercises at the Fair Grounds will also be of unusual interest. The people of Reno are determined to make it a success and are standing in to the utmost of their financial ability, thus ably seconding the efforts of the wide-awake committees.

The committee who went to Virginia City to endeavor to get them to stand in were Senator Schooling, Sheriff Walker, W. R. Chamberlain and H. H. Beck. They visited all the prominent business men and found them all willing to stand in and visit Reno. In fact most of the business men were opposed to a Comstock celebration and would urge its abandonment at the meeting called for last night. Brigadier-Generals Mathewson and Forman and Captain F. C. Lord were very much in favor of coming to Reno, but in the event of his not being able to come with his full military command, he would send us a cannon with a complement of men to work it. The committee thinks that we may look for eight or ten carloads of Comstockers. Carsonites will divide between Reno and Lake Tahoe, at which place an excursion around the Lake has been arranged. All indications point to a big time here on the day we celebrate.

Lake Tahoe.

The weather is delightful at Lake Tahoe. Fishing was never known to be as good as this Spring. Any person that can haul in a line can catch all the way from twenty to thirty in an hour and they average about half a pound. Four years ago Bailey, of the Grand Central Hotel, had a law passed, with a severe penalty attached, prohibiting any fishing with the exception of hook and line. The fish now caught are about three years old, and nearly all trout. McKenney will board and lodge tourists for \$12 a week. This includes the use of boats, fishing tackle, etc., which is cheap enough.

Medal Presentation.

Allen Bragg was the recipient of a beautiful, artistically-drawn medal upon his arrival from the scene of conflict last Sunday night. He made the remarkable score of 12 out of a possible 50. Such marksmanship as this could not be allowed to pass unrewarded, so a few friends drew up a medal in which several crows, the hillside and other prominent features of nature were perforated like sieves, while "Treadway's home was to flames. Allen discouraged the orator selected to make the presentation speech by the vigorous application of a stuffed club.

Picnic.

The first picnic of the season occurred at Treadway's Park, Carson, last Sunday. Seven carloads came from the Comstock and two went from here. Our representative reports as having had a good time. The storm which raged so fiercely here was scarcely a sprinkle there. The feature of the day was the shooting. The score was as follows: Carson Guard..... 411 Washington Guard..... 388 Emmet Guard..... 386 Reno Guard..... 286 The picnic was enjoyed by all who attended.

Wedding.

The Stock Report says announcement is made of the engagement of Blitz Paxton, son of John A. Paxton, the banker, to Miss Bessie Emerson of New York. Miss Emerson is at present visiting her sister, M. H. Warfield, at Healdsburg. Mr. Paxton is junior member of the large front street fruit and commission house, George W. Meade & Co. The wedding will take place in about five weeks at Madrone Knoll the country residence of Mr. Paxton's father. An Eastern wedding trip will be made.

Has Its Advantage.

Fortunate indeed are the ugly young girls. Nothing ever goes amiss with them. You never read of them in the newspapers. All the youthful women who are mashed up in railroad accidents, drowned while skating or upset while sailing, are invariably beautiful. You never read of anything going wrong with a red-haired, freckled faced and pug-nosed girl. Plainness of features has its advantage; but the girls would rather assume the risks.

Millions in It.

The showers we have been favored with lately have been worth thousands of dollars to the farmers.

Crops are just humping themselves now and we shall have a big yield, if the grasshoppers can be headed off, and we hope they can.

Put on Enough Stamps.

The following order, relative to the treatment of short-paid mail, issued by the Postmaster-General, has been received:

Section 438. Whenever any short-paid matter (being otherwise mailable) is deposited at a free delivery office, and assigned to any address within the United States, it shall be the duty of the Postmaster to send an official postal card to the addressee notifying him of its detention, and that it is necessary for him to remit the amount of postage due thereon before the same can be forwarded to its destination. This provision applies only to matter which does not bear the card or address of the sender. Such card matter should be returned immediately to the party mailing it, as prescribed by existing regulations. Anything in Section 439 and 441, Postal Laws and Regulations, edition of 1879, in conflict with this order, is hereby rescinded, so far as the letter-carrier offices are concerned; but these sections will remain in full force at all other post-offices. This order will take effect on and after July 1, 1882, and to secure uniformity of practice under its provisions, the Third Assistant Postmaster-General will, in the meantime, cause to be prepared suitable instructions to postmasters upon the subject.

It will be seen that under the operation of the above order, which is numbered 297 and dated May 11, 1882, that in the event of any letters being mailed in Reno, or any other Postoffice town, notice will be sent to the addressee, instead of the letters being sent, as has formerly been the practice, to the Dead Letter office in Washington.

The Penalty.

Those disreputable people who sell liquor to Indians will do well to read the following extract from Department Circular No. 67, Washington, D. C., May 10, 1881, addressed by Hon. H. Price, Commissioner of Indian Affairs, to all Agents:

"The law as it now stands makes it a crime, punishable by fine and imprisonment, to sell liquor to Indians, the object manifestly being to prevent Indians from obtaining liquor either by purchase or gift."

"This provision of law applies to all Indians under the care of a Superintendent or Agent, whether in the Indian country or out of it, and the penalty for a violation of this law is a fine of three hundred dollars and imprisonment for two years." Under this law Indian Agents have the authority, and it is their imperative duty in every case where any person is detected in a violation of this law, to place the matter in the hands of the District Attorney where the offense is committed, and in all such cases Indians are made competent witnesses.

The Democratic State Committee.

The members of the Democratic State Central Committee, chosen at the last State Convention held at Winnemucca, May 27, 1880, are as follows:

Churchill—J. M. Sanford.
Douglas—E. D. Black.
Eureka—W. O. Mill, Jr.

Children's Day.

Last Sunday was "Children's Day" with the churches and was duly observed by the M. E. Sunday School. The church was nicely decorated with flowers. In the evening there was a concert, after which the flowers were distributed.

The Sentinel says that Jewett Adams will clear up between \$15,000 and \$20,000 from his cattle this Spring. What does he want to be Governor for, when he can do that. Better stick to live stock.
